Hi All,

For those of you who have businesses that are sponsoring this event, can you send me your logo in an EPS or AI vector file to include on the flyer? Preferably a 1-color logo if you have it.

Thanks!

James,
What is the street closure status?

STREET CLOSURE for Haunted Little Tokyo!!

[more details »](#)

Hi All,

So we will be heading to City Hall to present our case for shutting down 2nd street for our Halloween festivities to happen on Halloween Weekend.

THE MORE IN NUMBERS WE HAVE THE STRONGER OUR CASE so please come out if at all possible

Feel free to meet us there, or let's meet at Cafe Dulce at 1:30 pm and then we can walk over together from there.

Also, Ryan has been working on a logo for us so we will have small flyers and a small presentation we'll put together to present. I think we have a very good shot at this being that we have so many businesses and community partners.

I've added some new people to this list so if you have any questions please call me on my cell: [\(213\) 840-9970](tel:2138409970).

On another note, please feel free to forward this / invite others to this meeting if you notice that I've accidentally left someone off of this thread.

Thank you all!

Sincerely,
james
